DEATHS.

—Wm. Turtoy, (ex-Confederate), aged 83, died at Cynthiana last week.

—Miss Georgia Anderson, daughter of Mr. and Mrs. T. W. Anderson, died at Cynthiana Sunday night, aged 30 years. She will be remembered by many of our young people as the attractive visitor of her cousin, Mrs. W. G. Talbot, of this county. Endowed with unusual beauty and gracious manners won for her many friends, and the news of her death will cast a gloom over the hearts of her friends in this county.

—Hal Pendleton, aged 19 years, died at the residence of his parents, Mr. and Mrs. I. T. Pendleton, in this city, Sunday, of typhoid fever. Burial at the Paris cemetery yesterday, services conducted at the grave by Eld. Carey Morgan. Much sympathy is expressed for the parents in the death of this worthy son. He was an industrious and exemplary youth and liked by all his associates.

—Mrs. Amanda Wallingford, died at 11 o'clock Sunday night, at the residence of her son Dr. J. S. Wallingford, on corner of Pleasant and Duncan avenue, after a lingering illness. She is survived by her husband and one son, and one sister, Mrs. Maria White, of Winchester, Ky. The funeral services will be held at the residence and at the grave, in the old Mt. Carmel this morning at 11 o'clock, conducted by Eld. Carey Morgan and Rev. E. H. Rutherford. Burial in Clark county, to-day. The procession will start from the residence at one o'clock and drive through Mrs. Wallingford was a devoted wife and mother, and with Christian fortitude patiently bore her long suffering. She was a life long member of the Baptist church, and her loving Christian character will long be cherished by those who knew her best. The sympathy of the entire community is extended to the bereaved husband and son in this, the darkest hour of their lives.

CHURCH CHIMES.

—The methodists of Cynthiana will build a new church to cost \$15,000. Nearly \$10,000 was subscribed in as many days.

—Bishop A. Coke Smith, of Virginia, will preside over the Kentucky conference which meets at Lexington, August 23.

—Rev. E. G. B. Mann, of the Kentucky Conference, will dedicate the new South Methodist Church in Carlisle fourth Sunday in May.

—Thirty theological students of K. U. have volunteered a mountain missionary work. From this number, fifteen will be selected and stationed in the Kentucky field.

—The Interchurch Conference on marriage and divorce issues an appeal to the nation which is a declaration of war against divorce. The alliance will endeavor to realize purposes in State and National legislation.

—The Christian Church raised sufficient money Sunday to employ a missionary for a year. He will work under the direction of the American Christian Missionary Society, but the field and the minister will be selected by this church, and it will receive reports of work done. This a great step forward and puts the Paris church in the first rank of Home Missionary Churches.

—Rev. Dr. E. O. Guerrant filled Dr. E. H. Rutherford's pulpit Sunday morning and night. He preached a most excellent sermon at the morning services, and at night gave an interesting talk of the mountain missionary work in Kentucky. He has labored for years among the mountains, assisted by his bright little daughter, and church after church has been built in the Kentucky mountains through the energy of these two consecrated people.

—The third of a series of sermons being preached by Elder Carey Morgan, at the Christian Church, on the subject of "Home," was listened to by a large and attentive congregation on Sunday night, his subject on that occasion being "Queens by Divine Right." Deep interest is being manifested in these meetings, which are largely attended, showing that practical sermons are the kind calculated to do the most good. The subject for next Sunday evening will be "Some of the Problems of Home."

MEN'S TAN OXFORDS—For the strictly up-to-date Tan Oxfords for men call at George McWilliams' and examine his large stock. You can get the latest from \$3.50 to \$4.00.

THRO' KENTUCKY.

Thro' the grand state of Kentucky, Where the "Old Home" got its name, Where the fields are overflowing With the yellow ripening grain.

Here tobacco plants are growing, In the fields not sown with corn, Tobacco plants—big as cactus— Just as sure as you are born.

Yes, they're large as good-sized cactus, Larger in our home-like view, But it's of a fine grade as Is that old "Kentucky Dew."

Here all people reap a harvest, Money in bank from year to year, All the green calamity howlers, Lose their jobs when they land here.

Here the "dry" ways are the highways, Built high and dry from rains and floods, Here the "good roads delegation," Swear the roads are suitably good.

But of pikes and highways finest, There's a "road" that suits my taste; 'Tis the line of Solid Comfort, And the trains let no time waste.

From Kentucky to St. Louis, Operates this road of class, Across the famous old "Green River" On its roadbed smooth as glass.

Would you know the road I speak of? Listen then to my advice, For you'll need it in your business, On your trip to Paradise.

In your travels to St. Louis—Hurry! beat them under the wire, "Get the 'Henderson Route' habit"— 'Tis a good one to acquire.

—[Jack "Henderson" Gallagher]

MANY LIVES WENT OUT

Two Sealing Schooners Given Up as Lost.

The American Schooner Arthur McArdle Was Wrecked on Egg Island, Bahamas—Captain and Seven Men Escaped.

Vancouver, B. C., May 9.—The sealing schooners Triumph and Umbrina, of this port, have been given up as lost at sea with all hands. Capt. Hann, of the sealing schooner Jessie, which has just arrived from a cruise along the coast from California to Queen Charlotte islands, picked up south of the Columbia river broken sealing boats and canoes, part of a schooner's rail, davit and other tackle belonging to the schooner Umbrina. When last spoken the sealer was headed for the west coast of Vancouver island to land her men, who was very ill. Since then she has not been heard of and is long overdue. The Umbrina was owned by Capt. Peppet, now in Eastern Canada. She carried a half white, half Indian crew, 23 all told, and was one of the largest of the fleet in Queen Charlotte sound. Capt. Mann found a schooner's boom with sail attached and from indications known to him he believes it belonged to the Triumph, also long overdue, and not amongst the fleet now bound for the Siberian coast. The Triumph carried a white crew of 19 and was the oldest and largest of the Victoria sealers. The owners have abandoned hope.

New York, May 9.—The Ward line steamer Santiago, which arrived Sunday from Tampico, Havana and Nassau, brought Capt. Sheppard and seven seamen of the American schooner Arthur McArdle, which was wrecked on Egg island, Bahamas, on April 23, and became a total loss. The crew stripped the wreck of all the available property possible and took to their boats, went to a village on a nearby island, whence they obtained passage on a small sailing craft for Nassau. The McArdle was bound from Philadelphia for Havana, with a cargo of petroleum.

Other passengers on board the Santiago were Sir Gilbert Carter, governor of the Bahamas; Lady Carter and daughter. They are in transit to London.

THE TWO CONVENTIONS.
Demand For Press Seats Far Exceeds the Capacity.

Washington, May 9.—The demand for press seats at the two national convention far exceeds the capacity of the space set apart for the newspapers of the country. At the Chicago convention there will be 250 seats in the press reservation, and already there have been received 1,300 applications. The demand for seats at the St. Louis convention also is far in excess of the capacity of the space reserved for the press. At the recent meeting here of the sub-committee having charge of the seating at Chicago, it was decided that notice should be given that applications not received prior to May 20 shall be given no consideration.

MISSING MILLIONAIRE.

The Body of E. L. Wentz Was Discovered Near Kelly View.

Richmond, Va., May 9.—A special Sunday night from Big Stone Gap, Wise county, Va., says: The body of E. L. Wentz, who so mysteriously disappeared October 14, 1903, was found Sunday afternoon near Kelly View, within a mile of the place where he was last seen alive. The body, which was lying on the ground in plain view, was in a state of preservation sufficient for identification.

Young Wentz was the son of a Philadelphia millionaire, and was in charge of his father's mines in Wise county. Since his disappearance more than \$50,000 has been offered for any news of him.

FOUR MASKED ROBBERS.

They Held Up a Railway Station and Robbed the Passengers.

Baxter Springs, Kan., May 9.—Four masked men entered the Frisco railway station here Sunday and, with drawn revolvers, demanded that the passengers get in line. While three of the men covered the crowd with their revolvers the fourth man searched every passenger, taking all articles of value he found. They then stole the contents of the depot safe, robbed the conductor of a passing train and escaped on a handcar.

Burglary Insurance Unprofitable.

Chicago, May 9.—The activity of burglars has made burglary insurance in Chicago unprofitable. A new rate schedule will be adopted. Representatives of the companies acknowledge that in the last ten years the Chicago agencies handling burglary insurance have sustained a loss of \$30,000.

Signed a \$40,000,000 Warrant.

Washington, May 9.—Secretary Shaw signed a treasury warrant for \$40,000,000, which was delivered Monday to J. P. Morgan & Co., of New York, as disbursing agents of this government on account of the Panama canal purchase.

Noted Publisher Dead.

Chicago, May 9.—A dispatch from Los Angeles announces the death at Pasadena, Cal., of Andrew McNally, of the publishing house of Rand, McNally & Co. Mr. McNally had not been in good health for some time.

DIVORCE QUESTION.

The Inter-Church Conference Sends Out An Appeal.

Philadelphia, May 9.—The inter-church conference on marriage and divorce, a body representing officially 14 leading denominations, has issued through its secretary, Rev. William H. Roberts, D.D., an appeal to the public, calling attention to several aspects of the divorce question.

The paper is the beginning of a national campaign of education on the subject to be followed by efforts to secure the enactment of laws in the state legislatures, and ultimately it is thought of an amendment to the constitution of the United States.

Already action has been taken by the conference looking toward the prevention of the remarriage, by ministers of other communions, of divorce and whom clergymen of their own faith have refused to marry.

This movement is the first occasion of any sort on which the representatives of great denominations have officially come together. The members of the conference include:

Protestant Episcopal church in the United States; Presbyterian church. Methodist Episcopal church, Methodist Episcopal church south, Reformed Church of America, Reformed church in the United States, United Presbyterian church, Evangelical Lutheran church, the Baptist church south, the Congregational churches, the Universalist churches, the Unitarian churches, the Reformed Presbyterian church, the Cumberland church, the Alliance of the Reformed churches holding the Presbyterian service.

JAPANESE PEOPLE.

Surprising Economy Is Observed in Every Place.

Richmond, Ind., May 9.—Guernsey Binford, a Friends missionary in Japan, writing to relatives here, says about the war situation in Japan:

A remarkable thing is the surprising economy which is observed in every place. People are not spending more money than is absolutely necessary. Related families who have occupied two houses are closing one and two families enter one house. No one is putting out money for repairs, etc. To such an extent is economy practiced that it seems to threaten productive industry and bring trouble upon laboring classes. I tell them that it is foolish to do so, for while the general claim is made that this is done for economy to save money for the war, in reality it is extravagance, because by the stopping of the regular channels of industry the necessary funds and provisions can not be produced. It is said that at present the emperor is eating only one dish, a rice bowl, and that his food is the same as that given to the soldiers. He is doing this, they say, to set an example of economy and show sympathy with the people.

ATTEMPTED ROBBERY.

Mrs. Senator Foraker and Her Niece Were the Victims.

Los Angeles, Cal., May 9.—A thief skulking on the porch of Hotel Lillie, after a set of diamonds worn by Senator Foraker's niece, Miss Ethel Marie Foraker, of Cincinnati, fell into the hands of a plucky hotel man with a gun.

Hotel Lillie fronts on Central park and many wealthy people spend the season there, rich picking for thieves. Among the guests are Mrs. James Foraker and Miss Foraker. As the two ladies were dressing for dinner they were alarmed to see a strange man skulking about the upper veranda in front of their room and trying to peer in. They were terribly frightened and snatching up their jewels rushed from the room.

In the hall they met Guy K. Woodward, the proprietor. Woodward used to be a deputy sheriff, and is a man of personal daring. Taking a gun Woodward ran upstairs and caught the man trying to escape from the porch through the hall.

TO PREVENT TUBERCULOSIS.

Disinfectants to Be Used in Sprinkling Streets of New York.

New York, May 9.—Tests are being made of various chlorides and other chemicals in connection with a project now under discussion by the health department to check the spread of tuberculosis here. It is planned, should the tests prove successful, to use disinfectants in the water with which the streets are sprinkled. It is believed that tuberculosis as well as many other diseases are spread chiefly in the dust of the streets.

Janaushek's Farewell.

Saratoga, N. Y., May 9.—Mme. Francesca Janaushek, the celebrated tragedienne, who for four years has made this place her home, left for the Actor Fund home at West New Brighton, Staten Island, N. Y., where she will probably stay the remainder of her days.

The Cashier Held Up.

Chicago, May 9.—Two well-dressed robbers raided Kinsley's restaurant in the downtown districts Sunday night and held up the cashier. All the day's receipts, amounting to more than \$1,000, was secured and placed in a satchel.

The Hungarian Band Arrives.

New York, May 9.—On board the steamer Umbrina, from Liverpool and Queenstown, which arrived here Sunday, were Nikolaus Schilzoni and his Hungarian band of 42 pieces, bound to the St. Louis exposition.

THE NEPHEW CAUGHT ON.

Showed His Mercenary Uncle He Could Be as Saving as Anyone.

A naval officer, recently returned from the isthmus of Panama, according to the New York Tribune, tells the following story concerning the wealthiest man on the isthmus:

"Senor M.—is known all over the isthmus as the stingiest man who ever lived. He will have no lights in his house except candles, and the lone candle in his sitting-room is not burned at night when he is talking to visitors and is not compelled to have a light."

"The old man has a nephew who makes the money fly. A short time ago he called on his uncle at night. While they were talking the old man blew out his candle."

"What did you do that for?" the younger asked.

"Why, we don't need the light while we are talking," the uncle replied.

"While the uncle was talking earnestly the boy began to shuffle about in the dark. Much annoyed by the interruption, the old man said: 'What are you doing?'"

"Only just taking off my trousers," the boy replied. "I don't need them in the dark and want to keep from wearing them out."

Still Another Case.

Kirkland, Ill., May 9.—Mr. Richard R. Greenhow, of this place, is another who has been cured of Rheumatism by Dodd's Kidney Pills. He says:

"I had the Rheumatism in my left leg so bad that I could not walk over ten or fifteen rods at a time, and that by the use of two canes, and I would have to sit or lie down on the ground. The sweat would run down my face with so much pain. I could not sleep at night for the pain. I was in a terrible condition."

"I tried different doctors' medicines but got worse, till I saw an advertisement of Dodd's Kidney Pills and bought some. After I had used a few, the pain began to leave me, so I kept right on taking them and gradually getting better till I had used in all fourteen boxes and my Rheumatism was all gone, not a pain or ache left."

"I can truly say I haven't felt better in twenty-five years than I do to-day. Dodd's Kidney Pills have made a new man of me."

Time Is Up.

A Russian newspaper announces that the Chinese will astonish the world when the world least expects it. To meet these requirements, there is no need for delay—Manchester Union.

A prominent club woman, Mrs. Danforth, of St. Joseph, Mich., tells how she was cured of falling of the womb and its accompanying pains and misery by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Life looks dark indeed when a woman feels that her strength is fading away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me, I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as an elixir of life; it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily, and each day added health and strength. I am so thankful for the help I obtained through its use."—MRS. FLORENCE DANFORTH, 1007 Miles Ave., St. Joseph, Mich.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

Ask your dealer to show you the "Mackinette" coats. They sell at prices from **\$15 to \$35.** Buy one and know what it is to have an overcoat that combines comfort, protection and a smart appearance. Our book, "Sunshine and Showers," is worth reading and will show you illustrations of this season's styles.

ANNOUNCEMENTS.

We are authorized to announce Claude M. Thomas, of Bourbon, as a candidate for the Democratic nomination for Congressman from the Seventh District, subject to the action of the District Convention to be held in the city of Lexington, on Thursday, May 12, 1904.

Democratic Mass Meeting.

The Democrats of Bourbon county, by order of the Democratic Committee of the 7th Congressional District, will meet in mass convention on Tuesday, May 10th, 1904, at 2 o'clock p. m., for the purpose of selecting delegates to the convention to be held at Lexington, Ky., on Thursday, May 12th, 1904, to nominate a Democratic candidate for Congress from the 7th Congressional district. The meeting will be held in the old Christian church building.
GEO. W. MORROW, Chairman.
R. K. MCCARNEY, Secretary.

State Convention Called.

A State Convention to elect delegates to the National Convention and to reorganize the party committees was called Friday by the Democratic State Executive Committee to be held in Louisville on June 8. County mass conventions will be held on June 4 to elect delegates to the State Convention. The committee adopted a rule requiring the recognition of the delegates holding prima facie credentials in effecting the temporary organization of the State Convention. The rule was the outgrowth of Chairman Young's declaration to Gov. Beckham and others at a recent conference that he would not recognize any delegation sent by Mayor Grainger and the city administration, even though the Louisville delegates be regularly and properly chosen. Chairman Young also predicted serious trouble in the State Convention. He says he will ignore the State Committee's new rule as to credentials and will do all he can in the interest of W. R. Hurst for President.

Franklin Gets His Money.

The court, Judge Paynter writing, affirmed a judgment of the Franklin Circuit court in a case of S. W. Hager, Auditor, against Robt. B. Franklin. The question raised was whether money collected on judgments entered in one year and paid in another could be properly devoted to the fees of the Commonwealth's Attorney for the year in which it was paid. Mr. Franklin had secured judgments against two corporations in the year of 1903, on which the money was not paid until the present year. Upon the advice of the Attorney General the Auditor declined to pay the fees claimed by the Commonwealth's Attorney. The court below held that Franklin was entitled to receive the money.

A LAW KENTUCKY NEEDS.—Ohio has a law that provides if dogs kill part of a flock of sheep the owner of the dog, upon proof, must pay the damage if he is responsible, and the dog or dogs must be killed within 24 hours after the judgment is rendered. If the owner of the dogs is not responsible under the law, the damage is paid out of the dog fund, which is made up by a dog tax. A man cannot collect a cent for damage done to sheep by any dog owned by him or harbored on the farm.

Fire in Lylesville.

The fire department was called to Lylesville, a colored suburb, about 2 o'clock Monday morning, and by hard work managed to save that section of the town from destruction, as there was a fierce gale blowing. The homes of Will, Henry and Jim Brooks were totally destroyed with most of their household effects. The fire started on the side of Will Brooks' house and was no doubt of incendiary origin. A person who would burn a man out of house and home should be dealt with severely, the extreme penalty, hanging, is his just dues, even if it should be done without trial before judge or jury.

The burglars next visited the residence of Mr. Stanton Rummons, several squares above Stark's and received another good watch and \$13 in money.

11 PARIS GAS LIGHT CO.

He Looped the Loop.

Mr. I. K. Carr, the sweetened wind manipulator at the soda fountain of G. S. Varden & Co.'s, met with a serious accident Saturday night after the close of the Street Fair. He was tossing one of his "Happy Hooligans" when he became entangled in one of his famous "Loop the Loops," which put him through such a succession of grotesque revolutions that as yet "he never came back." Some say he was seen at midnight to jump from the top of the tall ladder at the Street Fair into the cold waters of Houston Creek, but this cannot be substantiated. At all events, he left Mr. Varden's soda fountain, and a new dispenser will take charge to-day—although he may have to work for a day or two without white vest or apron, as Carr only left his overalls as a souvenir.

Be patient with the poor gas man; You may not know the pain He suffers while the gas is off, And business shows no gain.

TO GAS CONSUMERS.—The new mains and services being laid are for your benefit. Gas will be off for short intervals. Please be patient. Also, keep all your gas shut off at the burners when gas does not light. If gas is turned on and finds them open there is danger.

Why Not Paris?

Other cities, no larger than Paris, boast of their Commercial Clubs, then why not Paris? By this method everything that is best for the merchants, and best for the trade, and best for the city at large, can be studied. Such a club's principal object is the upbuilding of the town. There is no town of the size of Paris in Kentucky that can point to better trading facilities and to as many attractive stores. Now if the officers of the Paris Commercial Club will not call a meeting of the club already organized, let the business men get together and organize a new one. There is some two or three hundred dollars in the Treasury of the old Club that would make a nice nest egg. We do not know who is holding this money, but if the merchants do not care to push their own interests in this matter this money should be returned to the parties who paid it in, or we would suggest that it be paid into the Paris Hospital fund.

There is nothing that would do more credit to our town than a wide-awake Commercial Club. We do not understand what the old officers of this club mean by their silence. Will somebody speak out in meeting just once.

A Large Increasing Business.

January & Connell say if there were a few more Interurban roads in Bourbon county they would be compelled to enlarge their workshop and secure more workmen, as they are to-day working more men than ever before. They were awarded a contract at Covington this spring of over 30,000 square feet of slate roofing and they have sold more furnaces this year than any previous year.

Both of these gentlemen have been in the business since 1868, working for Mr. J. J. Shaw into 1890, when they embarked into business for themselves, and to show their popularity and business integrity they have customers who have dealt with them constantly since that time. They know their business from A to Z, and do not depend on their employees to run their business. They are agents for the best goods in their line.

Some Bourbon Crop Notes.

The apple crop will be good. Many farmers are through planting corn.

Tobacco plants are growing nicely and a large acreage will be set.

Many fields sown to hemp are up and doing nicely, since the copious showers have fallen.

Fruit growers are pleased with the outlook. Peaches, pears, apples and small fruits promise an abundant crop.

The prospects for a good wheat crop not very flattering. Many fields have been plowed up and planted in corn.

Spring lambs will soon be on the market. The supply is above the average and farmers are anticipating good prices.

Bluegrass has been a little backward, but the recent rains and warm sunshine have brought it out wonderfully, and an average crop is expected.

A Continual Strain.

Many men and women are constantly
subjected to what they commonly term
"a continual strain" because of some
financial or family trouble. It wears and
distresses them both mentally and physi-
cally, affecting their nerves badly and
bringing on liver and kidney ailments,
loss of appetite, sleeplessness, low vitality
and dependency. They cannot, as a
rule, get rid of this "continual strain,"
but they can remedy its health-destroy-
ing effects by taking frequent doses of
Green's August Flower. It tones up
the liver, stimulates the kidneys, insures
healthy bodily functions, gives vim and
spirit to one's whole being, and eventu-
ally dispels the physical or mental dis-
tress caused by that "continual strain."

ular size, 75c. At all druggists.—W. T.

Healthy Mothers.

Mothers should always keep in good
bodily health. They owe it to their
children. Yet it is no unusual sight to
see a mother, with babe in arms, cough-
ing violently and exhibiting all the sym-
ptoms of a consumptive tendency. And
why should this dangerous condition ex-
ist, dangerous alike to mother and child,
when Dr. Boesche's German Syrup
would put a stop to it at once? No
mother should be without this old and
tried remedy in the house—for its time-
ly use will promptly cure any lung,
throat or bronchial trouble in herself or
her children. The worst cough or cold
can be speedily cured by German Syrup;
so can hoarseness and congestion of the
bronchial tubes. It makes expectora-
tion easy, and gives instant relief and
refreshing rest to the cough-racked con-
sumptive. New trial bottles, 25c; large
size 75c. At all druggists.—W. T.
Brooks.

THE TWO ALABAMA LYNCHINGS.

Acting Gov. Cunningham Took Decid-
ed Action in the Matter.

Monterey, Ala., May 7.—Two lynch-
ings have occurred in Alabama within
the past 30 days, one for alleged crim-
inal assault and the other for an al-
leged assassination of a white man
by a Negro. Acting Gov. Cunningham
Friday took decided action to have
these lynchings investigated and the
guilty punished. He addressed letters
to Circuit Judges W. S. Anderson and
T. Scott Sayre, calling their attention
to the lynchings and urging them to
hold special terms of their respective
courts to bring lynchings to justice. He
gave an interview in which he said:
"I believe that prompt trial by court
of all rapists and assassins and an
earnest and prompt effort to bring
lynchings to justice will not only make
the law a terror to criminals but also
to those who disregard by the substi-
tuting of lynching for courts of jus-
tice."

FIVE MINERS ENTOMBED.

It Is Feared They Lost Their Lives in
a Burning Mine.

Shamokin, Pa., May 7.—Five miners
are entombed and believed to be dead
as a result of a fierce fire which is
burning in the Locust Gap colliery of
the Philadelphia and Reading Coal and
Iron Co. The fire started Thursday
night in the slope, and Wm. Massas-
kie, Michael Shannon and John and
Michael Boglan were cut off from es-
cape before they were warned. Res-
cuing parties were at once set to work,
and up to Friday night their efforts to
bring out the men have been unsuc-
cessful. John Debo, notwithstanding
the protests of others, went far into
the workings and has not been heard
from since, and it is believed that he
has succumbed to smoke and gas. The
fire is burning fiercely. Some of the
officials think the men will be found
smothered to death, while some of the
miners are of the opinion that they
are safe in old abandoned workings.

SMOKELESS POWDER CLOTH.

It May Be Used in the Navy For Am-
munition Bags.

Washington, May 7.—Exhaustive ex-
periments are to be made at the In-
dian Head proving grounds with
smokeless powder cloth, a highly in-
flammable cellulose material, with a
view to its use in the navy for am-
munition bags. Although bags of such
material must be handled with greater
care than those made of muslin, it is
believed the smokeless powder cloth
is more desirable because it will burn
rapidly and thoroughly, thus averting
the danger of any smoldering particles
being left in the chamber of the gun.
There has not been any trouble with
the muslin bags on this score except
that particles of the tape with which
the bags are tied have been found in
the bore after the gun was discharged.
Silk bags are used in the English
navy, but the muslin bags are prefera-
ble to silk because they do not tear or
wrinkle easily.

CUBAN NAVAL STATIONS.

Rodgers and Ackley Have Been Select-
ed as the Commandants.

Washington, May 7.—Announcement
is made at the navy department of the
selection of Lieut. Commander C. C.
Rodgers to be commandant of the na-
val station at Guantanamo, Cuba, and
to command the Amphitrite station
ship at that place and of Capt. Seth
M. Ackley to be commandant of the
naval station at Ologapo. Establish-
ment of coal piles at these points and
sounding for fresh water will be the
first work. It is intended that the
scheme of improvement prepared for
Ologapo by a board of which Rr.
Adm. Taylor, chief of the bureau of
navigation, was president, shall be fol-
lowed with certain modifications.

THE IOWA'S GUNS.

Remarkable Records Were Made at
Target Practice.

Washington, May 7.—Remarkable
records were made by the Iowa's guns
in the annual record target practice
just completed at Pensacola. The Iow-
a's 12-inch guns made 42 shots and
34 hits. The best 12-inch gun made 11
shots and 11 hits. The hits per gun
per minute for the 12-inch guns were
0.75. This equals the record made by
the British ship Ocean in 1892 when
she broke the world's record, and in
the case of the Iowa the record is all
the more creditable because her guns
are of an old type. The Iowa's 8-inch
guns made 120 hits per gun per min-
ute, the best gun making eight hits
out of nine shots.

Restraining Order Issued.

Chicago, May 7.—Judge Tuley is-
sued an injunction restraining the
Woman's Catholic Order of Foresters
from holding the biennial convention
of the order at Minneapolis, May 10.
The date named, it was charged, would
prevent the attendance of many who
wished to attend.

To Be Made a Brigadier General.
Washington, May 7.—The president
has determined to appoint Col. Albert
L. Mills brigadier general. Col. Mills
was nominated a brigadier general
during the last session of congress but
the senate did not act on his nomina-
tion.

Speaker Cannon Welcomed Home.
Danville, Ill., May 7.—Speaker Jo-
seph G. Cannon received an enthusias-
tic welcome home Friday evening.
The majority of the business houses
were closed. Business houses and res-
idences were beautifully decorated.

I was growing worse all the time but Doan's Kidney Pills cured me, and I have been well ever since."

For Disorder of the Mouth.

Offensive breath may be caused by decaying teeth, or an unwholesome state of the mouth itself, the lungs or the stomach. For any disorder of the mouth there are few things better than a wash composed of glycerin, one part; borax acid, one part, and water, 35 parts. The water should be boiling and the wash be used when cold. A few drops of tincture of myrrh will form a pleasant addition. When the stomach is at fault a benzoic acid lozenger taken now and then may prove useful.—Chicago Daily News.

Not Lost on Her.

By a desperate effort the man with the cowboy hat saved himself from falling on the slippery crossing. His impulsive exclamation, however, was heard distinctly by the elderly woman of severe aspect who was just behind him. "I beg your pardon, ma'am," he said, raising his hat, "my foot slipped." "So did your tongue, sir," she responded frigidly.—Chicago Tribune.

Queer Little Church.

One of the queerest and most isolated churches in England is a little gray edifice in the valley of Westdale Head, Cumberland. It is over 400 years old, and has only two windows and eight pews. The pulpit is lighted by a slit of glass in the roof. A little bell hangs loosely in the open belfry, and on stormy nights its mingling tones with the wind and thunder.—N. Y. Tribune.

Chicago's Lowest Death Rate.

Of the world's great cities, Chicago has the lowest death rate. Berlin held second place for a decade until last year, when London took that position with a rate of 15.62 per 1,000.

IN AN OLD TRUNK.

Baby Finds a Bottle of Carbolic Acid and Drinks It.

While the mother was unpacking an old trunk a little 18 months old baby got hold of a bottle of carbolic acid while playing on the floor and his stomach was so badly burned it was feared he would not live for he could not eat ordinary foods. The mother says in telling of the case:

"It was all two doctors could do to save him as it burnt his throat and stomach so bad that for two months after he took the poison nothing would lay on his stomach. Finally I took him into the country and tried new milk and that was no better for him. His Grandma finally suggested Grape-Nuts, and I am thankful I adopted the food for he commenced to get better right away and would not eat anything else. He commenced to get fleshy and his cheeks like red roses and now he is entirely well."

"I took him to Matamoras on a visit and every place we went to stay to eat he called for Grape-Nuts and I would have to explain how he came to call for it as it was his main food."

"The names of the physicians who attended the baby are Dr. Eddy of this town and Dr. Geo. Gale of Newport, O., and anyone can write to me or to them and learn what Grape-Nuts food will do for children and grown-ups too." Name given by Postum Co., Battle Creek, Mich.

THE CARNEGIE DIALECT.

When He Resorts to the "Brogue" Andrew Can Get the Best of Them Balled Up.

Though Andrew Carnegie's English is singularly elegant and pure, he has at his command a weird Scotch dialect, says the Minneapolis Tribune.

Mr. Carnegie is a student of Scotch words and idioms. He likes to point out the oddities and freaks of his native tongue. Recently, at a dinner party in New York, he said to a young woman:

"So you think you can understand Scots, eh? Well, then, what do we mean in Scotland when we say a person is just fish?"

"I don't know. What do we mean?" the young woman asked.

"We mean he is a bit of a weed harum-scurum," said Mr. Carnegie.

"A weed harum-scurum? What is that?"

"It is the same as wof!"

"But what is wof?"

"Wof is nook or sal. That is to say, a bit by the east. Havers, lassie, ha'e ye no Scots at all?"

Then Mr. Carnegie laughed and explained that a weed harum-scurum, and fish, and wof, and nook, and sal, and by the east all signified one thing, "crazy."

"I Have Every Reason to Praise Pe-ru-na," WRITES MRS. KANE, OF CHICAGO.

Mrs. K. Kane, 172 Sebor Street, Chicago, Ill., writes:

"Peruna has been used so long in our family that I do not know how I could get along without it. I have given it to all of my children at different times when they suffered with croup, colds and the many ailments that children are subject to, and am pleased to say that it has kept them in splendid health. I have also used it for a catarrh of the head and throat, and it cured me in a short time, so I have every reason to praise Peruna."—Mrs. K. Kane.

Pe-ru-na Protects the Entire Household Against Catarrhal Diseases.

One of the greatest foes with which every family has to contend is our changeable climate. To protect the family from colds and coughs is always a serious problem, and often impossible. Sooner or later it is the inevitable fate of every one to catch cold. Care in avoiding exposure and the use of proper clothing will protect from the frequency and perhaps the severity of colds, but with the greatest of precautions they will come. This is a settled fact of human experience. Everybody must expect to be caught somewhere or somehow.

Perhaps it will be wet feet, or a draught, or damp clothes, or it may be one of a thousand other little mishaps, but no one is shrewd enough to always avoid the inevitable catching cold.

There is no fact of medical science better known than that Peruna cures catarrh wherever located. Thousands of families in all parts of the United States are protected from colds and catarrh by Peruna. Once in the family Peruna always stays. No home can spare Peruna after the first trial of it.

CURE CATARRH BY BREATHING.

Clarke & Co. Offer to Return Money if Hyomei Treatment Fails to Cure Catarrh Without Stomach Dosing

If for a few minutes four times a day you breathe Hyomei, all catarrhal germs will be destroyed and the irritated mucous membrane restored to health.

With every Hyomei outfit there is a nebulizer which can be carried in the purse or pocket. Hyomei breathed through this contains the same healing balsams that are found in the air upon the mountains, where catarrh is unknown.

It destroys all catarrhal germs in the air passages of the head, throat and nose, and makes a positive and permanent cure of catarrh.

The complete outfit costs but \$1, while extra bottles of Hyomei can be obtained for 50c, making it one of the most economical treatments for catarrh.

Clarke & Co. believe so thoroughly in the merit of Hyomei, that they guarantee to return the money if it fails. This is certainly the strongest evidence they can give of their faith in the Hyomei treatment. It enables anyone to use Hyomei without risk or spending money for nothing.

Ask Clarke & Co. to show you a Hyomei outfit and explain to you what a simple and easy way it is to relieve and cure your catarrhal troubles.

COALS.—We handle the best of Jellico, Kentucky and Blue Gem coals.
